

DOMINION BRIDGE CURRENT ORDERS HOLDING UP WELL

Plant Operations Less
Than Year Ago—Pros-
pects Satisfactory

From Our Own Correspondent

MONTREAL.—Contracts for the construction of a cantilever bridge at the site of a new power development at Rapide Blanc of the Shawinigan Water and Power Company, has been awarded to the Dominion Bridge Company. No announcement has been made of the amount of money involved in this job, but the work will be welcomed at the Lachine plant, which has not been overly busy of late.

Owing to the creation of a national organization, through the opening of additional plants at Toronto, Winnipeg, Calgary, Edmonton and Vancouver, operations of Dominion Bridge Company have become largely decentralized.
