

Mr. Duplessis said at his weekly press conference the company plans to spend between \$10,000,000 and \$12,000,000 to establish these extensions: 40,000 horse-power at Rapide Blanc; 65,000 horse-power at Rapide a la Trenche and 44,500 horse-power at La Tuque. Work will start "very soon."

The three St. Maurice River power developments now have the following output: Rapide Blanc, 200,000 horse-power; Rapide a la Trenche, 325,000 and La Tuque, 22,500.
